### What should I bring to the tasting?

Feel free to bring any photo inspirations, fabric swatches, invitations, cake toppers, etc.

### How far in advance should I order my Wedding Cake?

We recommend you order your cake 6 – 12 months in advance particularly for weddings during the busiest months of April, May, June, September and October.

### What is the minimum lead time to order my cake?

Provided we have availability you will want to order no less than 2 months prior to your wedding date. Rush orders will be considered on a case by case basis and will incur additional charges.

### Can I have different flavors of cake in each tier?

Each tier can be a different flavor. We do recommend that the frosting is the same across the tiers for a unified look.

### Do you make Styrofoam tiers to make the cake bigger or potentially reduce cost?

We do offer this option, however, your cake will be the same cost as if you had all “real” cake. This is because it takes the same amount of time and material to decorate the cake.

### Do you make cupcakes for weddings?

We have a wide variety of cupcake flavors and designs available. We can additionally create a smaller cake for your cake cutting ceremony.

### Can you create a dessert table?

We are a full service bakery and can create custom items for a dessert table. Feel free to bring your own dessert items or ask your wedding cake consultant for suggestions.

### Can you make custom cookies for our wedding or shower?

Yes! We are known for our fancy custom iced sugar cookies. They can be a part of your dessert table or individually wrapped as party favors.

### How far do you deliver?

Our delivery radius is approximately 30 miles from our Downtown Cambridge location. We consider further distances but note that our delivery fees are calculated based on additional mileage.

**Who decorates the cake table?**

All table draping, flowers and other decorations are the responsibility of the couple. We recommend that the decorator, wedding planner or florist coordinate the cake décor.

**Who cuts and serves the cake?**

The caterer will cut the cake and serve it for you.

**What if we want to save the top tier of the cake for our one year anniversary?**

Cake will typically stay fresh in your freezer for up to three months. A fun alternative to freezing the top tier for 1 year is to order a small one tier replica of your wedding cake on your 1 year anniversary.
